## Preface

This bibliography provides a comprehensive record of the publication history of the Gulf of Maine Council on the Marine Environment (GOMC), in commemoration of the organization's 25<sup>th</sup> anniversary in 2014. The bibliography lists GOMC's publications, co-publications with GOMC partners, and publications based on the GOMC's work (for a categorization of the publication types see Table 1 on page 4).

The publications are listed in two ways. The first presents the publications chronologically by year and alphabetically by the authors' names within each year; the second presents the publications alphabetically by authors' names and chronologically when more than one publication by an author was produced in a given year.

The bibliography was compiled in two stages. The first involved a thorough search for GOMC's publications conducted by Ruth Cordes in 2006 (see Cordes, R. E., MacDonald, B. H., & Wells, P. G. (2006). *Publications of the Gulf of Maine Council on the Marine Environment and Their Use*. Halifax: Dalhousie University). As the 2006 report noted:

since the Gulf of Maine Council on the Marine Environment (GOMC) was created, it has generated a large and diverse body of publications. Among the array of publications produced directly by GOMC, or in collaboration with other organizations, are action plans, annual reports, technical reports, conference proceedings, conference background documents, newsletters, newspapers, magazines, fact sheets, brochures, maps, a video, and a comprehensive website. In addition, individuals associated with GOMC have prepared conference presentations and published journal articles. (p. 4)

An analysis of the use of the publications identified in 2006 was reported at conferences and published as MacDonald, B. H., Cordes, R. E., Wells, P. G. (2007). Assessing the diffusion and impact of grey literature published by international intergovernmental scientific groups: The case of the Gulf of Maine Council on the Marine Environment. *Publishing History Quarterly*, 23 (1), 30-46.

The second step in compiling the present bibliography was completed in 2013. Using search strategies similar to those established by Ruth Cordes, Danielle Hubbard thoroughly examined the GOMC website for publications produced since the 2006 report noted above. The combined results of the searches were initially placed in a Procite database and then migrated to Zotero and exported to Word for final editing by James Ross. The resulting bibliography lists 404 publications produced over the history of GOMC from its creation in 1989 to the summer of 2013.

It is hoped that this bibliography, representing the tangible products of the GOMC's first 25 years, will be a useful reference for the GOMC and its partners in all future endeavours to protect and conserve the Gulf of Maine, Bay of Fundy and their watersheds.

## Publications by Year of Publication

### 1989

- Gulf of Maine Council on the Marine Environment. (1989a). *Agreement on conservation of the marine environment of the Gulf of Maine between the governments of the bordering states and provinces.*
- Gulf of Maine Council on the Marine Environment. (1989c). *The Gulf of Maine: Sustaining our common heritage. Executive summary.* Augusta, ME.
- Gulf of Maine Council on the Marine Environment. (1989d). *Turning the Tide: a newsletter on the state/provincial Gulf of Maine Program.*
- Maine State Planning Office. (1989). *Marine environmental quality monitoring programs in the Gulf of Maine: An inventory.* Augusta, ME.
- Van Duesen, K., & Johnson-Hayden, A.C. (1989). *The Gulf of Maine: Sustaining our Common Heritage.* Augusta, ME: Gulf of Maine Council on the Marine Environment.

### 1990

- Barchard, W. W., & Johnson Hayden, A. C. (1990). Design of the Gulf of Maine marine environmental quality monitoring program. Vancouver, BC: Polestar Communications.
- Camp, Dresser, & McKee, inc. (1990). *Gulf of Maine monitoring program monitoring plan: interim report.*
- Gulf of Maine Council on the Marine Environment. (1990a). *Ecological monitoring plan for the Gulf of Maine: Final report, June 1990.*
- Gulf of Maine Council on the Marine Environment. (1990b). *Gulf of Maine action plan, May 1990. [Draft].*
- Gulf of Maine Council on the Marine Environment. (1990c). *Gulf of Maine satellite photo poster [poster].*
- Gulf of Maine Council on the Marine Environment. (1990d). *Our fragile gulf.*
- Gulf of Maine Council on the Marine Environment. (1990e). Program Highlights.*
- Gulf of Maine Council on the Marine Environment. (1990f). *The Gulf of Maine action plan, first draft.*

Gulf of Maine Council on the Marine Environment. (1990g). *The Gulf of Maine: Sustaining our common heritage [brochure]*.

Huntsman Marine Science Centre. (1990). *The environmental impacts of finfish culture: Summary: Gulf of Maine working group aquaculture workshop, March 1-2, 1990*. St. Andrews, NB.

Maine State Planning Office & Canadian-American Center of the University of Maine. (1990). *Gulf of Maine: Sustaining our common heritage: Proceedings of an international conference held in Portland, ME, December 10-12, 1989*. Augusta, ME & Orono, ME.

## 1991

Gulf of Maine Council on the Marine Environment. (1991a). *Annual report [1990/1991]*.

## GOMC BIBLIOGRAPHY SUBMISSION FORM

This bibliography is intended to be a living document: updated periodically as new publications are published and overlooked publications discovered. If you are aware of a GOMC or GOMC-related publication that is not currently featured in this bibliography, please complete this form and email it to [eiui@dal.ca](mailto:eiui@dal.ca).

A .doc format version of this form is available [here](#), on the EIUI website. This file will allow you to complete the form using your word processor.

Please enter all applicable information regarding the publication; particularly the URL, if the publication is available in digital form. If any field is not applicable to your publication, feel free to leave it blank.

The Gulf of Maine Council on the Marine Environment and the Environmental Information: Use and Influence Research Initiative thank you for your assistance in making this bibliography as comprehensive as possible.
